SEWING MACHINES.

LANGLEY & NORMAN would inform the citizens of Newport and vicinity, that they have been appointed agents for GROVER & BAKER'S CELEBRATED SEWING MACHINES, and that they are now prepared to furnish Manufacturing or the Improved Family Machines, at Manufacturers prices.

We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. These machines are sold for $50, though capable of doing any work that can be done with any of the $100 Sewing Machines. ap4tf

A NEW MUSIC BOOK;
OR THE
New York Musical Review,
FOR NOTHING!

We have in press, and shall publish in October, "ASAPH, OR THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. LOWELL MASON. Dr. MASON'S last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter*, culled with great care from numerous sources [illegible] highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. MASON'S new work, we are induced to make the following liberal offer, viz.. To every one sending us, before 1st November, one dollar, (the price of subscription to the REVIEW,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. MASON'S new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

PROCLAMATION

TO the good People of Newport and Vicinity,—

In view of your past generous patronage, I have now at my store, 130 Thames St., a large and well assorted stock of Books and Gifts, suitable for the Holidays. And whereas, it would be utterly impossible for me to enumerate the titles of books suitable for all ages and conditions, to name thousands of elegant and appropriate presents, and whereas, the columns of this paper are inadequate to state a thousandth part of what might be said, I, A. J. WARD, Agent, do issue this my Proclamation, and do agree to sell good and cheap to the citizens and strangers of Newport and vicinity, until this Proclamation be annulled, and you are all invited to my Headquarters, No. 130 Thames St., to test the truthfulness of this my Proclamation.

Given under my hand and seal, this 19th day of Dec., A. D. 1861.

VOSE'S CONFECTIONARY,
(Established 1827.)

IT SEEMS UNNECESSARY, after being in the battle-field for 34 years, to come out with a long advertisement, but as we have many new comers, it is right that they should be pointed to the right place to buy good articles, and at a moderate price.

I have a long experience, and every facility, and all improvements in machinery, that enables me to sell at a small profit; and will sell—quality considered—as low as any establishment in this city. I will sell Custard Cream at 30 cents per quart, according to quality, up to 62 cents for pure. Plain to very rich Cake, from 17 to 33 cents per pound. Candies from 16 to 25 cents per pound. All kinds of Gum Drops, when sold by the pound, 25 cents.

My Saloon is fitted up in good style, and will accommodate about one hundred persons, where you will find a variety of Ice Creams, Cakes, Pastry, Tea and Coffee, to refresh the "weary and heavy-laden," at all times *except Sunday*, that day we keep to refresh ourselves. j15

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent, Office, Washington, (under the Act of 1837.)
76 State Street, opposite Kilby Street,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but though its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere.—The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber: and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHARLES MASON,
Commissioner of Patents

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting there applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMOND BURKE.
Late Commissioner of Patents

Mr R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed [illegible] ges.
JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

A CHALLENGE AND A REWARD
$500 REWARD.

I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in this State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure Liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France, or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States.
WM. ALDERSON,
Newport, R. I.

N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, then is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country. s13

DIED, ON THE BATTLE-FIELD.

Far from his native home he died;
The clash of arms on every side,
The roar of cannon, and the tide
Of red blood flowing.

Around the dying and the dead
Lay on the field of battle, red
With carnage, while the sky o'erhead
Crimson was blushing.

Slowly the spark of life went out,
As rang the gallant victors' shout,
Telling the foe were put to rout
By his brave comrades.

No gentle mother softly laid
On his hot brow her hand, or prayed
As his soul heavenward strayed—
Heavenward ascended.

But as the glorious field was won,
While rushed the conquering army on,
As blood-red sank the setting sun,
Gloriously he perished.

Around his green and hallowed grave
Fond friends shall sadly mourn the brave,
Saying, "He gladly died to save
His land from ruin."

Over this lowly mound of his
All that he asked or wished for is
Graved on his narrow headstone this—
Died for his country!"

It produces, with even ordinary flour, white, spongy, and perfectly wholesome bread, and retains its power of action under exposure. Being free from mineral acids, and dangerous metallic salts, it should be preferred to compounds, frequently sold as yeast powders.

AN ADVANCE ON THE POTOMAC.

The New York Tribune says that the Country and its brave defenders will hear with joy that an advance of the Grand Army of the Potomac is morally certain to be made forthwith. The considerations which impel this movement are so obvious and pressing that our Military leaders could not have disregarded them but in deference to obstacles more unyielding than mud, and more terrible than the remains of Virginia Johnston's wasted and disheartened forces at Centreville and Manassas. The vigorous reconnoissance of Saturday is the prelude to stirring events.—We shall be sorely disappointed if there is a Rebel flag flying north of Richmond at the end of March.

But, though it is clear that our Grand Army is about to assume a vigorous offensive, it by no means follows that the chief Rebel stronghold is to be directly assailed The first blow may be directed against his left wing, cutting it off from his main body, rolling it up against Lander's corps of observation and demolishing it. Or it may be aimed at the communications between Manassas and Richmond, cutting off the former from its resources and compelling the Rebels to come out of their fastness and fight a battle on fair, open ground, such as they have hitherto taken good care to avoid. It may be made from Fortress Monroe by a dash at Norfolk or Richmond—a strong column from the Potomac and the Chesapeake being rapidly and quietly dispatched to Hampton Roads. Or it may be made—as that of last Summer might and should have been—from some point on the Potomac below Washington, avoiding the impede any movement westward from Washington, and proffering a level and facile country to Richmond and beyond it. It is quite possible that the first movement we shall be enabled to chronicle will be but a feint to distract and mislead the enemy while the advance in force and in earnest is made from another base and in a different direction. All will be made clear in good time: suffice it for the present that the Grand Army is about to move.

For, in fact, this advance is indispensable to the *safety* and success of *every other*. Torpor on the Potomac exposes the commands of Gens. Burnside, Sherman, and Butler, to successive attacks in overwhelming force, and precludes their achieving further and more decisive successes. To push a corps of ten or fifteen thousand men into the heart of a Rebel Atlantic State where fifty to a hundred thousand may speedily be massed against it by a foe commanding an unbroken line of railroad from Manassas to New Orleans, would be madness, not war. Nor can the late glorious triumphs in the West be rapidly improved to the utmost while the Rebels are at liberty to dispatch regiment after regiment, general after general, from Virginia to Tennessee. We are decidedly stronger than they are; but to let them face a third of our forces with three-fourths of theirs is to repeat a folly of which Bull Run ought to have cured us forever.

Let not, then, our Western heroes nourish and dilate on the fond illusion that their section possesses a monopoly of Military genius and prowess—that the Union is to be saved by Western valor alone. If a fault at all, it surely has not been the fault of our Eastern soldiers that the Rebels have been allowed to hold two-thirds of Virginia in quiet throughout the last three months, and unmolested to draw off their forces to other sections until it is quite probable that, when we do advance on their late strongholds, we shall find them as empty and harmless as Bowling Green. The Army of the Potomac was stronger, more eager, more effective, on the 1st of December, when the weather and roads were perfect, than it is to-day; and there has not been a day since then when it would not have hailed with wild enthusiasm an order to advance. That order they are about to receive, and their response to it will be worthy the grandsons of the gray-coated farmers who stood to their arms at Bunker Hill and conquered at Bennington and Saratoga.

DEFENCE OF CANADA.

General Sir DeLacy Evans has written a letter, printed in the London Times, dealing with the proper mode of disposing of British troops for the defence of Canada. Recent events have brought this subject up so prominently that we give a portion of his letter as follows:—

"Notwithstanding the difficulties of the winter season we have recently, it appears, despatched about 110,00 men of all arms to the positions which were supposed to be in such peril. These, with the troops already at those stations, give an effective army of about 14'000 men for offence or defence. I am led, therefore, to hope that our Government will not send any further reinforcements to those distant posts, by which our small and inadequate home garrison would be further and uselessly diminished.

"With regard to the distribution, also, of our troops in North America, I would submit, with deference an observation. Of the 14,000 troops thus mentioned, 8000 at least might be better and more strategically placed in Nova Scotia than on the remote and comparatively inaccessible defensive positions of Canada. In the improbable case of a real attack being soon made upon Canada the great danger the Federal Government would have to deal with would be from a disposable British force, capable of being thrown by our superior navy upon any part of the western frontier of America. The 8000 regular troops alluded to, with the marines and seamen of the squadron, would make an effective force of 10,000 men. Moreover, our troops stationed in Nova Scotia would be always accessible, and capable of being brought home within a *few days to assist*, if needed, in meeting any unforseen European contingency.—I would also add that the prevalence of an idea that British regular forces will always be poured into Canada on any alarm ensuing could not fail to operate as a temptation to the Canadian people to neglect again the organization of their own ample means of defence, in which they are at present displaying such high spirited and patriotic exertions. Neither does it appear to me to be quite inopportune to consider of the possible results of the present very great disparity of the pay of the American and British troops."

Interesting Epistle.

The following is a copy of a "Secesh" letter, found and sent home to his father, by Thomas O. Lake:

Roanoke Island, Fort Bartou,
January 26, 1862.

Dear Brother—I take the opportunity of writing you a few lines to let you know that I am yet in the land of the living.—My health is better than it has been, but I am very unwell yet. The Yankees have got 26 steamers in the Sound, and we are *expecting* an attack every hour. We have put two more guns on our fort. I think when they come that they will meet with a warm reception. I understand that they say that it will take them about three days to take Roanoke Island; but if they will come and fight us three days, I do not think that they will carry many of their boats away. I suppose you know that Capt. Johnson has returned to his company. I must close my letter by saying give my love to all enquiring friends.

Your affectionate brother,
A. M. STANTON.

The Crisis.

From the Richmond Dispatch, Feb. 19.

The crisis of the war is at last upon us and reverse after reverse comes in quick succession. We have scarcely recovered from the depression consequent upon our defeat at Fort Henry and Roanoke, ere we are called upon to meet a still heavier calamity in the fall of Fort Donelson, and the surrender of our brave troops holding that important post. It is true, the facts concerning this last disaster have not yet reached us from sources entitled to our belief; but enough is known to convince us that we have sustained another staggering blow. We have not been of those who entertained the belief that our arms would always be successful, or that it was within the bounds of possibility our small army could meet and drive back the overwhelming hordes of the enemy at every point at which they could penetrate, and are not, therefore, taken by surprise, nor greatly discouraged, by the untoward events which have taken place in the West, and on the Atlantic coast. We have not known our own strength, although we have been greatly too confident of the weakness and cowardice of our foe. If these disasters shall turn our thoughts in upon ourselves, and shall arouse us to the full comprehension of our perilous situation, and to the energy and activity requisite for the occasion, they will not have overtaken us in vain.

We do not believe the defeat at Fort Donelson is of the proportion our telegraphic columns would give us to understand. It must be remembered the intelligence they furnish comes from the enemy, who are not apt to depreciate the victories they gain. And we see much to encourage us even in this dark hour. Our permanent Government is launched upon the stormy sea, it is true, but we think her timbers are stout enough to bear the strain, and that the noble structure will be none the worse for the rough usage to which it has thus early been subjected.

The War Department received Monday evening from Gen. A. S. Johnston, a telegram announcing the fall of Fort Donelson, but couched in so ambiguous a style that it became necessary to request more intelligible information. No answer has yet been received from that officer, probably on account of the interruption of telegraphic communication, occasioned by the severity of the weather.

ORDER ISSUED BY GEN. BURNSIDE.—The following was the order issued by Gen. Burnside, on the eve of advancing upon Roanoke Island:

Headquarters Dep't North Carolina,
Pamlico Sound, Feb. 3d, 1862.

General Order No. 6.

This Expedition being about to land on the soil of North Carolina, the General commanding desires his soldiers to remember that they are here to support the Constitution and the laws, to put down rebellion, and to protect the loyal and peaceable citizens of the State.

On the march of the army all unnecessary injury to houses, barns, fences and other property will be carefully avoided; and in all cases the laws of civilized warfare will be strictly observed. Wounded soldiers will be treated with every care and attention, and neither they nor prisoners must be insulted or annoyed by word or act.

With the fullest confidence in the character and valor of his troops, the General looks forward to a speedy and successful termination of the campaign.

By command Brig. Gen. A. E. BURNSIDE.
Lewis Richmond, Asst. Adjt. General.

The Ear and Cannon Firing.—Dr. Von Muschzisker says that many of the injuries to which gunners and others are exposed by loud explosions may be obviated by saturating a piece of cotton well in a solution of glycerin oil and belladonna—say about one ounce of glycerin to fifteen grains of belladonna, and place it in the ear as far as possible. This solution forms a coating in itself on the membrane; and with the addition of the cotton protects the drum of the ear to the utmost extent.—When the cotton is removed, the coating can be readily washed out by syringing the ear with a little warm water.

There is no doubt that numerous cases of ruptured membrane, with more or less permanent deafness, will be found among soldiery returned from campaign. Gunners—particularly those of the fleet—aware of the great danger to which the organ of hearing is exposed, plug their ears well with wool. This precaution may somewhat diminish the amount of injury which would otherwise be endured; nevertheless, the wool as generally plugged in the ear, does not protect the membrane. The effect of position with reference to the gun is peculiar—those men who stand nearest the muzzle feel the report most, but those who are to leeward suffer more than those to windward. Some protection is afforded to the ear by keeping the mouth open when listening to heavy firing.

The News at Nashville.—A military correspondent of the Indianapolis *Journal*, writing from Munfordsville, Ky., states that just before he left our Green river camps, a gentleman had just reached there, who had left Nashville on the day of the reception of the news of the fall of Fort Donelson. He is a very strong Union man, and had premeditated an escape to our lines some time since, but the strictness of the rebel guards had prevented the consummation of his plans, until everything had been throw into confusion by this, to the rebels, most terrible news. He represents the state of excitement at Nashville as being unparalleled. A perfect panic reigned throughout the whole city. The streets were thronged with people wild with excitement. Leading rebels were making speeches from store goods boxes, from the street corners, to the excited populace, stating that the "Federals" were upon them, the city was defenseless, and appealing to every man who had any of the place. He says these appeals had but very little effect, and there seemed to be little, if any, system about anything that looked to resistance.

Is any body hit.—John B. Weller, "the Mexican killer," was lately in Washington squaring up his accounts with the Departments. After he got through, he concluded to pay his respects to Mr. Lincoln, with whom he had served in Congress. He called at the Presidential mansion, and was courteously received.

"Mr. President," said Col. Weller.—"I have called on you to say that I most heartily endorse the conservative position you have assumed, and will stand by you so long as you prosecute the war for the preservation of the Union and Constitution."

"Col. Weller," said the President, "I am heartily glad to hear you say this."

"What do you want, Colonel?" asked Abraham.

"*I desire to be appointed Commodore in the Navy,*" said Weller.

The President replied—"Colonel, I did not think you had any experience as a sailor."

"I never had, Mr. President," said Weller; "but judging from Brigadier Generals you have appointed in Ohio, the less experience a man has, the higher position he attains."

Lincoln turned off with a hearty laugh, and said—"I owe you one, Colonel."

THE MEERSCHAUM PIPE.—The Meerschaum is to pipes what the diamond is to precious stones. No other material is so easily wrought into beautiful forms, and nothing takes such glowing rich colors by use, while at the same time its porousness absorbs much of the essential oil, and thus renders the smoke less harmful. Meerschaum, as the name signifies, is sea foam or keff-kill, to use the Tartar term for it. It is found in various parts of Asia Minor. The principal ingredients are a silicia, magnesia, carbonic acid and water, It is found chiefly in veins and lumps among serpentine rocks. In its natural state it forms a lather like soap, and is used in washing linen by the Tartars. The Turks fabricate it in the same manner as potter's clay is made; the pipe is then boiled in tallow or wax. The Germans have carried the meerschaum pipes to great nicety. Some varieties of superb design, mounted in precious metals and jewelled, have been valued as high as five thousand.

The people of Charleston, S. C., have made up their minds that Porter's mortar fleet is designed to make an attack on Sumter the while Burnside's force takes the city in the rear. According to an account in the Charleston *Courier*, the people of Brunswick, Ga., are evacuating the town, and residents everywhere along the coast are preparing to move their valuables into the interior.

A private telegraphic dispatch dated Baltimore 24th, received in this city yesterday afternoon, states that all the officers of the 20th Massachusetts Regiment, including the hostages which were held at Richmond, had arrived at Fortress Monroe. They were all in good health. It has been reported that some of them were sick, and this news will relieve the solicitude of their friends.

WAR NEWS.

FROM BURNSIDE'S EXPEDITION.

EXPEDITION UP THE CHOWAN RIVER—WINTON SHELLED.

Fortress Monroe, Feb. 24.—The steamer Baltimore, which left here several days since with ammunition for Gen. Burnside's expedition, returned to-day, having left Hatteras yesterday afternoon. The news is not of special importance. The burning of Winton is confirmed. The 9th New York regiment had made an expedition up the Chowan river with three gunboats, but having found the enemy in full force, returned without making an attack.

Among the passengers in the Baltimore is C. H. Foster, reported killed by Southern papers.

The Congressional election ordered by the Provisional Government took place on Saturday and resulted, as far as the returns had been received, in the re-election of Mr. Foster. The ordinances of the Convention were also ratified.

The object of the expedition of the 9th New York regiment was to destroy the railroad bridges on Black Water and Chowan river. The enemy was discovered in large force at Winton, and no landing was made. The enemy fired at our gunboats, and in retaliation the town was shelled.

The greater part of Burnside's expedition was still at Roanoke Island. Gen. Williams' brigade, at Hatteras, had received orders to proceed there.

The S. R. Spaulding left Roanoke Island on Friday for Elizabeth City, with the prisoners taken by Gen. Burnside. They were paroled for exchange. The Spaulding had left Roanoke Island for Fortress Monroe, and will be due here to-morrow.

Capt. Howard's Battery went to Newport News to-day.

The Mississippi, from Boston, arrived here about noon to-day.

A fire broke out here in a building occupied by the negroes, opposite the hotel, about 4 1-2 o'clock this afternoon, which, with the adjoining buildings, was entirely destroyed. The buildings were of little value, and the loss is fully covered by insurance.

The laying of the telegraph cable was progressing satisfactorily at last accounts.

EXPEDITION TOWARD COLUMBUS.

CONFERENCE WITH REBEL OFFICERS.

Chicago, Ill., Feb. 24.—An expedition composed of four iron-clad gunboats and two mortar boats, with the 27th Illinois regiment and a battalion of the 8th Wisconsin regiment, made a reconnoisance down the river this morning and discovered that the rebels had seized all the flat-boats and skiffs as far up as they dared to come; also that there had been a movement among the troops at Columbus. Whether reinforcements had arrived it was not learned.

The gunboats and mortar boats were getting into position on the Missouri side of the river, when a rebel steamer, with a white flag, made its appearance. Some rebel officers came on board the Cincinnati, and a consultation took place, lasting over two hours, with what result has not been made known, but the expedition returned.

FROM FORT DONELSON.

THE ENEMY CONCENTRATING AT PINE BLUFF.

Chicago, Ill., Feb. 25.—Official returns show 321 killed, 1054 wounded, and 150 missing, in McClernand's division at Fort Donelson.

A special dispatch to the Chicago *Times*, dated Cairo, Feb. 24, says an arrival from Fort Donelson reports that the enemy has strong fortifications on Pine Bluffs, 21 miles this side of Nashville, and were concentrating a large force there and would make a desperate stand.

The report that General Buell occupied Nashville Saturday night was not true, as he could not reach it by forced marches before to-day. There is no change in the position of our troops on the Cumberland.

Interesting to those in Bonds.—The following is the form of application for a release to be made by all the State prisoners now in confinement at United States military posts, save those few excepted in the general order to which it refers. The application is, of course, to be addressed to the Secretary of War:

"I, ——, of ——, a prisoner confined in Fort ——, hereby make application to be released from custody on my parole of honor to *render no aid or comfort to the enemies in hostility to the Government of the United States*, in accordance with the terms of Executive Order No. 4, of the War Department, dated Feb. 14, 1862, in reference to political prisoners."

ON Saturday Gen. Scott was nominated to the Senate as Minister Extraordinary to Mexico with functions such as he exercised in the pacification of the North-western Boundary question. A project of a treaty, substantially assuming the Mexican debt due to England, France, and Spain, the interest on which amounts to three millions a year, was also sent to the Senate. The treaty guarantees our payment of it for five years. As there is no law for the appointment of an Asistant Minister, it is thought the nomination will not be confirmed, As Commissioner he would be confirmed, if his functions were limited to the pacification of the armed conspiracy against Mexico. The scheme of buying off the Allies, now that we are not able to enforce the Monroe Doctrine, is not likely to meet with favor.—[N. Y. Tribune.

"I'LL take the responsibility," as Jenks said when he held out his arms for the baby.

The reception of General McClellan by the troops in General Porter's division, was of the most enthusiastic description. Whenever he made his appearance among the soldiers in his progress through the camps, he received their ovations and most rapturous cheering. The men were almost wild with excitement when they found their chief among them, and their shouts made the welkin ring. General McClellan expressed, on his return, great satisfaction at the condition of the soldiers, and the great improvement they have made in drill and fighting condition.

A MARKETMAN at Cairo, a few days since, was swindled out of his vegetables and articles, which had a tendency to excite his ire to a considerable extent. He told the commanding officers there that if the Angel Gabriel stopped at Cairo there would be no resurrection.

"Why?" asked the officer.

"Because the people would swindle him out of his horn before he had time to make a single toot."

KING OTHO of Greece, not having any children, the succession has long been a bone of contention in the Bavarian family from which the king springs. It now appears, however, that Prince Luitpold, of Bavaria, who recently went to Athens with his two young sons, has succeeded in obtaining a reversion of the crown for the elder lad.

Washington letters say the confirmation of the appointment of General Shields, who bears honorable scars of Cheputtepec as a "decoration" has occasioned wild joy among the Hibernian regiments, who now hope to be brought together in a body and to rival Blenker's German division in deeds of daring.

"MANY boys with their sleds" complain that they should be restricted from coasting, when men are allowed to break so many laws with entire impunity. They say that the rumsellers, who are never disturbed by the powers that be, trip up more persons in a week than all the coasting boys trip up during an entire winter.

Release of the Barque Ariel.—The Providence *Journal* states that this vessel, recently seized on suspicion of having been fitted out as a slaver, has been released.—She was a legitimate trader, and had only the usual cargo and appurtenances for an African voyage.

THE proposition to reward our soldiers with medals meets with universal approbation. Indeed, there is now a general desire to show gratitude for gallantry, and to inspire every officer, especially with a desire to earn promotion.

"GUM," asked a darkey, "do you know how dey make de hos fast in Virginia?"

"Yes ob course: dey tie him to de post."

"Ah, Gum, dat am one fast, but gib notting to eat am de udder."

Prentice says that on the day after the victory at Fort Donelson, the people of this country were what foreign nations have frequently called them, "a wild people."

The official journals of Austria denounce the idea of surrendering Venetia to the demands of Italy, and bitterly threaten France and Victor Emmanuel.

Fort Donelson.—This fort was named after Gen, Daniel S. Donelson of Tennessee, a reble officers of some note.

GREAT INDIAN REMEDY
For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from *any cause*, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or at his office*, rear of No. 28 Union Street Providence, R. I.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cooling, cleansing and healing in its operation, and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Sirop Anti-Syphilitique,

For Secondary, Tertiary and Hereditary Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M with $450 besides his bill. after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*; but MAKE INQUIRY It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster*, which we send in an envelope on receipt of Price (15 cents) and one stamp.—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash* and *Tooth Ache Drops*, a box of *Tooth Powder*, the *Neuralgia Plaster*, and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth*, (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar*, or six packages for $5. sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Buildings, New York, and write name and address plainly. That remittances may be made with confidence. W. B H. & Co. refer to the Mayor of Brooklyn, to G W. GRIFFITH. President of the Farmers and Citizen's Bank, Brooklyn; to the Editor of the American Manufacturers' Gazette; to Joy, Coe & Co., Publishers' Agents, New York; to P. T BARNUM Esq., who knows a good thing when he sees it and who has already ordered a second supply, etc.

1000 Agents Wanted,

To introduce Dr. Hurd's Dental Remedies into every County. Men or women who want to make money quickly, can do better with these articles than anything in market. They are new, useful, low priced, and we are spending thousands in advertising them for the benefit of agents. Boxes of samples, containing a dozen of the one dollar packages above specified, with circulars will be sent on receipt of *seven dollars*, about half price, to any person wishing to test his or her skill in selling with the view of becoming an agent. They can be sold in a day.—

☞ *We would rather pay salaries than Commissions to those who prove themselves efficient salesmen.*

The Herald's Washington despatch says yesterday a slight skirmish took place at Mason's Neck, in the neighborhood of Occoquan, between a body of Texan Rangers and some of our troops. The Rangers fired from a house in which they took refuge. Two of our men, belonging to the 37th N. Y. Regiment were killed, and another man wounded. The loss of the rebels is not ascertained.

The executive session of the Senate today, was occupied exclusively with the consideration of the Mexican embroglio. It was debated at length with much earnestness, but no conclusion was arrived at.

The nomination of Gen. Scott as an additional envoy extraordinary and Minister plenipotentiary has not been acted upon. The confirmation depends upon the action taken in Senate in reference to the recommendation of the President in regard to Mexican affairs.

The World's Washington dispatch says it is understood that shallow crafts of various kinds are being procured by the Government at Philadelphia and other points. It is supposed that they are for use in the Potomac.

The Times Washington despatch says Gen. McClellan has received a dispatch from the West confirming the report that Nashville is taken by Gen. Buell's army, and stating the rebels have fallen back on Mumfeesbord, about 30 miles south of Nashville.

A number of Sons of New England are giving Col. Lee, a Ball Bluff prisoner, a brilliant entertainment at Willard's to-night.

The Tribune's despatch says a proposition from the rebel leaders for a compromise has been submitted to our Government. The first of which is an armistice with a view to a peaceful adjustment of the difficulties and a convention of the states for a division of Constitution.

FORT MONROE, 25th.

Steamer Spaulding arrived from Roanoke Island 23d and Hatteras 24th brings mails and passengers. She has no news. The attempt to lay a telegraph cable has failed.

On the day that the Hoboken sailed sixteen miles were laid most successfully. When operations were suspended for the night. Yesterday she was occupied in taking soundings when the gale struck her. The steam pipe broke soon after and she become unmanigable and drifted upon Cape Henry when she broke in two. All hands remained on the wreck until 11 o'clock this forenoon when the Spaulding took them off.

It is stated that the Hoboken passed within sight of the blockading steamer Cambridge but the latter paid no attention to her. Other naval vessels also passed her without offering assistance. She is a total loss. All hands were saved. The remainder of the cable about 15 miles was destroyed before she was abandoned about an equal quantity is laid in the bay. The end bouyed up. Mr. Hiess goes to Washington to-night. The gunboat Forbes was seen ashore near Nags Head this morning, by the Spaulding, while flags were displayed on all the houses in the vicinity. The steamer Eastern State sailed for Hatteras this morning. A flag of truce today took 30 passengers to Craney Island. Major L. T. Sawyer arrived at Norfolk yesterday from Elizabeth City, which he left Sunday noon.

He represents all quiet in that locality. He says the entire federal fleet left the water of Pasquatank on Saturday morning, but the gunboats returned in the evening. A few of the inhabitants remain in the place. The Wilmington Journal of yesterday says five or six federal gunboats have entered Roanoke River.

There was a very severe Northwest wind blowing yesterday and last night. The Cumberland at Newport News dragged her anchor, and several schooners got adrift. Some damage was done by collision in the Roads. The fire of yesterday continued during the evening, and a guard was kept up all night. Great credit is due to Col. Bendix and the 10th N. Y. Regt., who all worked manfully and prevented a disastrous conflagration which was threatened by the high wind.

The steamer Express is reported lost on the Eastern shore.

A REBEL FLAG, captured at Roanoke Island, and sent home to his Honor Mayor Cranston by Lieut. Col. Tew, now float s from the City Hall, "Union" down in its proper position *under* the "Stars and Stripes."

MARINE INTELLIGENCE.—PORT OF NEWPORT.

DISASTERS.

Schr M Marcy, Davis, left New London at 5 o'clock morning of 19th inst., and when off Faulkner's Island encountered a thick snow storm. In attempting to run into New Haven, where she was bound, the weather being extremely thick, made a very bright light in a house on the land, which was mistaken for the lighthouse at the entrance of the harbor, in consequence of which she ran on West Haven shore and bilged, and will probably be a total loss. Part of the cargo may be saved. The captain and all hands remained on the vessel until she began to break to pieces, and they were obliged to leave to save their lives. They took the boat, which had been lowered at the time she struck, and succeeded in reaching the land, the boat being strove as it struck the shore. At the time they left the sea was breaking over the vessel, so that little or nothing could be saved. The captain lost everything but the clothes in which he stood. He states that the diplay of so large a light on the shore at that point must occasion great hazard to vessels navigating the Sound on dark nights. The Marcy was loaded with 1400 or 1500 cases of nails, consigned to parties in New Haven and New York. Her cargo was insured in New York or in an Eastern office. The vessel was owned by parties in Newport, and was uninsured.

CLERK'S OFFICE, SUPREME COURT,
Newport, January 28th, A. D. 1862.

WHEREAS, William E. Cook, of Portsmouth, in the County of Newport, and State aforesaid, Housewright, hath filed his Petition in said Office of said Court, of this present date, in which he represents that Thomas L. Robinson of Boston in the County of Suffolk and State of Massachusetts, manufacturer, was on the 12th day of January, 1862, justly indebted to the said William E. Cook, in the sum of ($127,29) one hundred twenty-seven 29-100 dollars according to the account filed. That said indebtedness of said Thomas L. Robinson to the said Petitioner arose from certain work, labor, skill, done and performed, and materials furnished by said Petitioner for said Thomas L. Chase, Westerly and Northerly on land of said Alfred Clarke Chase, and Easterly on the East River, so called, and containing two acres of Land; and that said Petitioner performed said work and within six months from the time he commenced the said work and labor he filed and lodged an account with notice that he claimed a lien upon the before described property in the Town Clerk's Office in said Town of Portsmouth where the said land and buildings were and are situated, and with notice to whose estate and interest therein the said lien refers, which said copy of the said account and the said notice was received in the said Office, and there duly filed and recorded on the 27th day of January, 1862, at 12 o'clock. M., as appears by a copy of said account, and the certificate thereon herewith filed. Wherefore, said Petitioner prays that said lien may be enforced upon the interest of the said Thomas L. Robinson in the before described estate may be sold to satisfy his said account and all other accounts and demands for which the said interest in the said estate is pledged and liable under the provision of the 150th Chapter of the Revised Statutes of this State.

Therefore, Notice is hereby given to all persons having a lien by virtue of said Act, or a mortgage, or an attachment, or any other claim on all or any part of the said property to appear before said Court at the next Term thereof, to be holden at Newport within and for the County of Newport, on the third Monday of February, A. PROF. L. MILLER'S

HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls —hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.

It is

PROF. O. J. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR:

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES, THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!

THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resist the assault of disease. [illegible] it stimulates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which woman is subject, for Sickness of the Stomach, Billious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald*.

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express*.

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader*.

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas*.

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Biliousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good*. We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure remedy* for the diseases enumerated.—*New York Dispatch*.

Madame ZADOC PORTER'S

Great Cough Remedy.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT. — MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!—Do not be persuaded to purchase at a high price which do not contain the virtues of a Dime Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other.—Ask for Madame Porter's Curative Balsam, price 10 cts., and in large bottles at 20 cts and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 10 cts. and in larger bottles at 20 cts.

The *entire* press of the country has bestowed upon this work *unanimously* the highest enconiums. The Louisville Journal of October 8th, 1861, says of it:—

"It is a work of the highest merit. In fullness, completeness, accuracy, and logical as well as chronological dependence, it leaves nothing to be desired. We reckon the value of this work above price. It meets suitably the great literary demand of the hour. *It is a work the lack of which would prove with posterity a cause of special reproach to our day and generation.* Let everybody subscribe for it."

This work should be in every loyal family; it is a necessity for present information; and in future days will be read with interest by children and grandchildren, as a memorial of the present most important era of our National History.

Vol. 2 will be issued in May, and Vol. 3 in September, 1862. But the work is continued also, as heretofore, in weekly parts at 10 cents, and monthly parts at 40 cents. For sale at all the book stores and news depots. Orders to be directed to
